PRECANSKATE

PreCanskate is designed for the younger skater that is 3 or 4 years old. Must be 3 years old at the start of the program to register. The time is a little shorter (30 mins) for the younger skater and is perfect for the skater who has limited skating experience. All the skaters are around the same age and the groups will be done by the skaters ability. Lessons are given in a group format and led by an NCCP certified professional coach. Professional coaches are assisted by trained Program Assistants. Skaters progress at their own rate and coaches make sessions active using teaching aids, music and a wide variety of activities that create a fun environment and promote learning. The program is focused on fun and getting familiar with the basic skating skills. It is a fantastic starter program! As your skater develops they will be able to earn Canskate ribbons.
